I'm sorry to tell you that you were not on the list. I gave it my best shot. In the end Cippilone cut down a list that the president had approved of 412 people to 77.

You need to know the CIA likely watches Signal chats. My family is warning me not to use Signal. I wonder why I keep failing. I don't stand a chance anymore in this country. country. The Swamp will never be drained without a full revolution. I don't even want to be involved. I rather not be an American. I hate this country. I hate it. I hate the Courts, I hate it all. I was betrayed by Alex Jones back in 2013. You need to know that I was betrayed, that was what led me to falsely pleading guilty and not being allowed on bond in 2014. I am done with it all. I have no reason to fight anymore. I am ruined, lost everything and betrayed. I cannot be loyal to this country anymore. I want out. I am done with politics. It is all meaningless. I am target and nobody will help me. I am dead in the Information War. I will never be revived. Trump FAILED. I failed.

The low level staff just forwarded my letters to the very same DOJ the very corrupt DOJ that ignores my evidence, refuses to investigate anything I send them, and were the very ones that corruptedly prosecuted me with fraud and got away with it.

until my own pardon I promised my lawyers that I would not advocate a partner for anyone else. Now that I am pardoned I will do whatever I can to bring your case to the presidents attention. It is vitally important that you keep this confidential because any exposure will allow those around the president to block my communications regarding your case. I'm making no promises but I will do whatever I can. I know you have sent me an enormous amount of material but if you could provide me with a simple one or two page memo Which summarizes what happened to you and why you should be pardoned I will do what I can

This is the original four page letter. I will send you the attachment affidavit if Trump feels he needs to review over the affidavit explaining each and every fact I am presenting regarding my actual innocence based upon reviewing over the discovery materials in my case before they admitted to destroying the portion of materials shortly after.

OK I got it. Please remember my attempt to help you must remain confidential or they will be worthless. There is a group around the president who will attempt to block him from getting this information and I have to be secretive in order to evade them

12:26 pm

I am already aware of the attempts to block me. I promise you I will keep this confidential.

Again, thank you. Happy New Year. I will pray for your success. My entire family and friends are behind me. I hope you succeed.

And I'm glad you want a pardon for Julian Assange. He deserves it way
